DETAILED ACTION

1. This office action is in response to Applicant's amendment filed on 28 September 2007.

Allowable Subject Matter

2. Claims 1-4 and 10 are allowed. Claims 1 and 10 are the independent claims.
3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Patent 5,250,318 to Tooker, which was applied to the claims in the office action mailed 22 May 2007. Suffice it to say, the patent to Tooker does not disclose "removing the shaped bundle from the tool" as claimed in independent claims 1 and 10, and as such does not anticipate the instant invention as disclosed in independent claims 1 and 10.

Furthermore, there is no combinable teaching in the prior art of record that would reasonably motivate one having ordinary skill in the art to so modify the teachings of Tooker, and thus, for at least the foregoing reasoning, the prior art of record does not render obvious the present invention as set forth in independent claims 1 and 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 3722

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
